

7th KJMP 発表方法について

Dear Oral and Poster presenters of 7th Korea-Japan Joint Meeting Medical Physics

We'd like to remind you of the instruction of our presentation.

The full program is available on the conference web site at http://www.ksmp.or.kr/meeting/2014_meeting/.

<Oral presentation in scientific sessions>

Each talk (with the exception of plenary and invited talks) is allocated 8 minutes of presentation time, followed by 2 minutes of questions. Please adhere strictly to the time limits so that sessions can keep to time.

All authors are required to make use of electronic presentations. Presentation files must be in Windows-Compatible PowerPoint or PDF format.

The presentations must be in English and should be loaded onto the central file server no later than 2 hours prior to the start of your session. Note that presenters will not be permitted to use their own laptops.

<Poster presentation>

Poster presentation is scheduled on 16:00-17:30 in September 25 (Thu) and 26 (Fri). You are asked to be present by your poster during the poster sessions indicated above. The poster sessions will be in the corridor in the first floor of Convention Hall. Adhesive tape to attach your poster to the panel will be available in the poster area. Your panel will be labeled with the number of your poster.

The size of poster panel is 100 cm x 250 cm (width x height), thus the recommended actual poster size is 80 cm x 140 cm (width x height).

Presenting authors are expected to be present at their poster during the sessions. Session chairs will verify your attendance during the sessions.
