

「Educational Lectures」

Note: those who need the Certificate of Attendance for Educational Lectures are required to purchase for the Educational Lecture material option on online registration.

- 1) Please select a purchase option for Educational Lecture material (PDF data) in online registration. The purchase period is scheduled from 12:00 PM (JST) on Wednesday, April 1 to 11:59 PM (JST) on Sunday, May 10. The data can be viewed and downloaded only during the conference period (April 1 at 12:00 PM(JST) – May 14 at 12:00 PM (JST) (tentative)) .
- 2) To issue the Certificate of Attendance of the Educational Lecture, you need to apply online after viewing the lecture. The viewing code displayed during the lecture is required for online application.
- 3) The Certificate of Attendance will be received by e-mail to applicant after the conference period. The certificate will be a certification of earning three credits for attending a Japanese academic conference in accordance with the guidelines of the JBMP Qualification for initial certification and maintenance of certification.
- 4) A Certificate of Attendance is applicable to and will be issued for the 6 lectures listed below;

Educational Lecture 1	"Dose rate effects on yields of water radiolysis species: Towards the elucidation of the mechanisms of FLASH radiotherapy from a radiation chemistry point of view" Tamon Kusumoto
Educational Lecture 2	"Diagnosis and treatment assistance AI development using vision foundation model" Masahiro Oda
Educational Lecture 3	"Integrating Quantum Imaging into Nuclear Medicine" Kenji Shimazoe
Educational Lecture 4	"Current status and future development of medical radio isotope production using reserch reactors" Hideki Nagadomi, Maeda Shigetaka
Educational Lecture 5	"Fault recovery in external beam radiation therapy: Explanation of AAPM TG-314 and Practices at a High-Volume Center" Hiroyuki Okamoto
Educational Lecture 6	"Current status and future perspectives of spatially fractionated radiation therapy" Hisanori Fukunaga

Please note that Educational Lecture 6 will be available for on-site attendance only and will not be offered as an on-demand program.

5) Regarding the Certificate of Attendance for Educational Lectures

Participants who fulfill all the required conditions (conference registration, purchase of the educational lecture materials, and completion of the certificate application procedures) will receive their Certificate of Attendance by email in early August 2026.

Please note that the certificate will not be issued if the required conditions are not met.

If you do not receive the certificate by that time, please contact the Secretariat at:

jsmp-post@as.bunken.co.jp

6) Regarding the Receipt for Educational Lecture Materials

Please log in via the Service Counter URL provided in the completion email of the material purchase and download the receipt yourself. Issuing of receipts will be available until Monday, June 15, 2026.

Please note that receipts cannot be downloaded after this period. Be sure to complete the download within the specified timeframe.

Please be advised that email delivery services apply only to the Certificate of Attendance.
